

Problem-Solution Fit

Date	30/09/2026
Team ID	SWTID-2026-7404
Project Name	PocketSmart AI
Maximum Marks	3 Marks

Problem	Observed Need	PocketSmart AI Response
Difficulty tracking transactions	A single place to record income and expenses	Income and expense forms with SQLite persistence
Unclear spending position	Users need quick totals and trends	Dashboard shows income, expense, balance and category spending
Budget overspending	Users need a defined monthly cap	Monthly budget goal with usage progress and exceeded-budget insight
Need for actionable guidance	Users need understandable feedback	Recommendation engine generates rule-based financial insights
Need to move data	Users may need a portable transaction record	CSV import and export
Need to inspect past activity	Users need transaction history	Searchable/filterable history table
