Testing Scope

The attached source does not provide measured performance benchmarks. The table therefore records testable behaviors and expected outcomes without inventing timing results.

Test Area	Test Scenario	Expected Result	Source-supported Status
Income	Enter a positive amount and note	Transaction is inserted and dashboard refreshes	Implemented
Expense	Select category and enter positive amount	Expense is inserted and dashboard refreshes	Implemented
Budget	Set a valid monthly budget	Setting is saved and reflected in dashboard	Implemented
Dashboard	Load with no transactions	Zero values and "No Data" chart state are shown	Implemented
History	Search/filter transactions	Matching records appear in Treeview	Implemented
CSV Export	Export transactions	CSV file is written to selected path	Implemented
CSV Import	Import valid CSV	Rows are inserted; invalid structure is rejected	Implemented
Data Clear	Confirm clear action	Income, expenses and settings are removed	Implemented
